Product configuration: PY95.S3

PY95.S3: Luminaire L=880 - DALI-2 Sensor - Very Wide Flood (Down) optic - GL - 54.9W 8308.5lm - 2700K - White/Black/Black Transparent

**Product code**

PY95.S3: Luminaire L=880 - DALI-2 Sensor - Very Wide Flood (Down) optic - GL - 54.9W 8308.5lm - 2700K - White/Black/Black Transparent

Technical description

Luminaire made of painted extruded aluminium, frame and caps made of injection-moulded thermoplastic. Very Wide Flood optic (80°) in a Space Opti-Diamond (PMMA) version with a rear cover available in a White (Transparent White) or Black (Transparent Black) version. Integrated DALI-2 power supply and 2700K CRI80 direct emission monochrome LED lamp (Mid-Power). Luminaire complete with DALI-2 sensor and light and motion detector, for compatible DALI-2 control systems.

Installation

Mounted on mains voltage tracks.

Positioning height min 2.4 m / max 5 m for motion and min 2.4 m / max 3 m as a light and motion sensor.

For other height positioning values and distances between luminaires, contact iGuzzini or refer to the instruction sheets.

Example of typical motion sensor coverage diameter: 5 m (@ 4 m h for installation).

Dynamic lighting range: 1-1000 lx.

Movement detection angle 84°.

Detection angle for light measurement 30° - 60° (asymmetric).

Colour

White/Black/Black Transparent (S3)

Weight (Kg)

2.73

Wiring

Power supply via DALI bus (consumption 9 mA).

Notes

DALI EN 62386-101 ed.2 (DALI-2) The sensor used is DALI-2 certified. DALI parts 101,103,301,303,304

For systems compatible with the DALI-2 sensor, contact iGuzzini.

Complies with EN60598-1 and pertinent regulations
