INCA: Recessed

#### Product code

QA97: Initial module Minimal Up / Down General Light L 2397

#### Technical description

Initial profile in extruded aluminium - Minimal (frameless) version for flush with ceiling mounting available for direct and indirect lighting (luminous flux split into approx. 70% down / 30% up.); methacrylate opal lower screen for diffused general light; screen set up for connecting several lengths by overlapping. Methacrylate diffusing screen for upper emission.

#### Installation

Installation can be pendant-mounted using suitable accessories to be ordered separately. The initial modules can be used individually for various applications if completed with accessory caps and the required LED module.

#### Colour

White (01) | Black (04) | Aluminium (12)

#### Weight (Kg)

4.7

#### Mounting

ceiling pendant

#### Wiring

Set up to house the LED modules required by the system.

#### Notes

Take care with the system configuration. To make continuous lines of lighting, use the intermediate modules. To complete a continuous line correctly there must always be an initial module at the start or end of the composition.

Complies with EN60598-1 and pertinent regulations
