### Structural module L=400

**Attention! Code no longer in production**

### Product code

6624

### Technical description

Suspended, ceiling-mounted or recessed structural module. The structure of the fitting is made of painted extruded aluminium; the lamp-holding supports are made of galvanised painted sheet steel; and the end caps (to be ordered separately) of polycarbonate. The power-supply cable is transparent and the cables are subjected to antioxidant treatment. The modules can be combined by means of direct and corner 90° couplings as well as structural modules (to be ordered separately).

### Installation

The suspension system (to be ordered separately) has sheet-steel supporting plates with polycarbonate covering bases and steel suspension cables with a millimetric adjustment system (applied to the modules). Ceiling application by means of an aluminium structure (to be ordered separately). Recessed and semi-recessed installation by means of a structure designed for application to false ceilings 12.5mm and 15mm thick, with concealed rim (to be ordered separately).

### Dimension (mm)

400x130x65

### Colour

White (01) | Grey (15)

### Weight (Kg)

1.8

### Mounting

ceiling surface

### Wiring

It is designed for through wiring by means of special terminal boards housed inside the aluminium profile. The system is able to switch on three groups of fittings separately.

### Notes

Accessories available: end caps, various installation and combination accessories.

Complies with EN60598-1 and pertinent regulations

850°C

IP20
