Last information update: May 2024

#### Product configuration: Q363+Q415.12

Q363: Minimal initial moduleGeneral Down Light L 1208

Q415.12: Plate - General Down Light - Warm LED - DALI - L 1196 - 33W 3737lm - 3000K - Aluminium

## **Product code**

Q363: Minimal initial moduleGeneral Down Light L 1208

#### Technical description

Initial profile in extruded aluminium - Minimal (frameless) version for flush with ceiling mounting and up-down emission; methacrylate opal screen (diffused general light); screen set up for connecting several lengths by overlapping.

## Installation

Installation can be recessed, surface, ceiling and pendant-mounted using suitable accessories to be ordered separately. The initial modules can be used individually for various applications if completed with accessory caps and the required LED module.

Colour

White (01) | Aluminium (12)

Weight (Kg)

3.1

ceiling recessed|wall surface|ceiling surface|ceiling pendant

## Wiring

Set up to house the LED modules required by the system.

## Notes

Take care with the system configuration. To make continuous lines of lighting, use the intermediate modules. To complete a continuous line correctly there must always be an initial module at the start or end of the composition.

Complies with EN60598-1 and pertinent regulations

#### Product code

Q415.12: Plate - General Down Light - Warm LED - DALI - L 1196 - 33W 3737lm - 3000K - Aluminium

## Technical description

LED module set up for housing in initial or intermediate system profiles - down emission. DALI dimmable electronic control gear integrated in the luminaire. Extruded aluminium heat sink; high emission yield flux enhancer. Warm LED.

## Installation

Module insertion on profiles facilitated by a quick coupling system.

Colour Indeterminate (00) Weight (Kg)

# Wiring

Quick coupling terminal block connection to simplify connections between the luminaires. LED module complete with integrated control gear.

Complies with EN60598-1 and pertinent regulations
