Last information update: October 2020

Product code

6067: Module L = 2000 mm **Attention! Code no longer in production**

Technical description

Single-phase low voltage track, for interiors, made of aluminium alloy. The 8.8 mm² cross-section conductors are housed in the profile. The leads are housed in the track and enclosed in a rigid, extruded casing made of an insulating material with a high dielectric strength. The track is approved for 25 Amps in compliance with CENELEC regulations on very low voltage tracks. Supplied with polycarbonate end caps.

Installation

Can be installed as pendants, wall-mounted or ceiling-mounted.

Colour

White (01) | Aluminium (12)

Weight (Kg)

0.94

Mounting

wall arm|wall surface|ceiling surface|ceiling pendant

Wiring

Certified for 12 V and for a maximum current of 25 Amps, in compliance with the recent CENELEC norms for low-voltage tracks.

Complies with EN60598-1 and pertinent regulations
