Last information update: February 2023

Accessory code

PA38: Minimal flange - for false ceilings sp. 20 mm

Technical description

Adapter for a compatible false ceiling with a thickness of 20 mm. The conformation of the frame allows it to be fitted flush with the ceiling perfectly in line with the installation surface. White painted metal frame. Fixing screws included in package.

Installation

Preparation hole 35 x 271 mm. The frame is fitted flush with the ceiling using the screws and the templates provided to avoid buckling the frame (check the frame is compatible with the thickness of the false ceiling) - then the flush with ceiling filling and finishing operations are performed - lastly the recessed luminaire (separate item code) is inserted in the adapter.

Colour
White (01)

Weight (Kg)
0.18

Mounting

ceiling recessed

Complies with EN60598-1 and pertinent regulations
