Accessory code

PD36: Blind module for aesthetic continuity - For iN 60 MMO and Space - Frame

Technical description

Blind module that gives aesthetic continuity to the iN 60 MMO and Space systems.

This module allows the luminaires on which smart accessories are not mounted, to reach the same length as the luminaires on which the sensor modules and interfaces are fitted.

Installation

Recessed installation with iN 60 MMO/Space modules. Refer to the instruction sheet for the positions allowed.

Colour

White (01) | Black (04) | Aluminium (12)

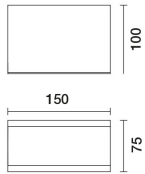

Weight (Kg)

0.42

Wiring

The module does not require wiring.

Complies with EN60598-1 and pertinent regulations

IP20
